

Dual Enrollment Academy

FOR HIGH SCHOOL SENIORS

Automation Systems Technology/Robotics

WCTC's Dual Enrollment Academy (DEA) is designed to give high school seniors a jump start in high-demand occupations, awarding participants with a WCTC credential(s) upon successful completion along with earning high school credits. High school students will spend the majority of their school day, both the fall and spring semesters of their senior year, at WCTC participating in the Dual Enrollment Academy.

Prospective students should have a strong interest in pursuing a career in their chosen program option. Students must be in good academic standing with a minimum 2.0 high school GPA and also meet the WCTC program requirements. Parental and high school approval is required for a student to be accepted into the program.

Automated systems have become the standard in many industries to provide reliable ways to program and control machine movements. There is a growing need for qualified technicians to build, program, integrate, service and maintain automated and robotic systems.

In the Automation Systems Technology (AST) option, focus on the integration of mechanical, electrical, hydraulic and robotic methods. Learn about robotics, programmable logic controllers (PLCs), the principles of automation, and how they apply to multiple industries, and develop skills to work with complex computers and machinery in automated production lines.

DEA STUDENTS EARN:

- **Automation 1 Certificate**
- **Automation 4 - Industrial PLC Certificate**
- Opportunity for industry recognized **NIMS Certification**

Continue on your educational pathway using your DEA credits at WCTC.

Next Steps
