

Interior Design

70-credit Associate of Applied Science Degree

About the Program

Interior Design students will learn to create, design, draft and combine colors and textures to provide commercial or residential clients with aesthetically pleasing and environmentally correct interiors. Students will also develop a strong foundation in computer-assisted design, furnishings, lighting, textiles and sales. Graduates often find employment in interior design consulting firms, industry-related sales departments and architectural design firms.

Potential Job Titles

- Design Consultant
- Commercial Environment Specialist
- Interior Designer
- Kitchen & Bath Designer
- Sales Associate
- Showroom Designer
- Inside Sales & Design
- Lighting Consultant

Credit Transfer

Credits earned in the Interior Design program may be transferable to institutions offering baccalaureate degrees. Visit www.wctc.edu/transfer for specific information. Since the details of credit transfers change from time to time, be sure to contact the intended college or university to verify credit transferability.

Admission Process

- Fill out a WCTC application
- Send \$30 non-refundable application fee
- Send high school transcript or GED/HSED
- Send any previous college transcripts
- Complete Skills Assessment test (COMPASS)
- Begin pursuing Financial Aid options

For more information, call 262.691.5200.

Required Courses	Credits
First semester	
304-100 Principles of Interior Design	3
304-101 History of Furniture	3+
304-102 Interior Design Drafting	3+
304-121 Space Planning	2
801-196 Oral/Interpersonal Communication	3+
804-123 Math with Business Applications	3+
Total semester credits	17
Second Semester	
304-103 Applied Textiles Interior Design	3+
304-104 Visual Merchandising Lighting	3
304-106 Interior Design Field Study	2
304-116 AutoCAD for Interior Designers	3
304-122 Illustration	2
304-125 Interior Finishes	2
801-195 Written Communication	3+
Total semester credits	18
Third Semester	
304-105 Sales and Quality Buying	2
304-110 Interior Design Co-op I	3
304-112 Intro to Commercial Design	3
304-117 Kitchen and Bath Planning	3
809-172 Race, Ethnic & Diversity	3
809-199 Psychology of Human Relations	3
Total semester credits	17
Fourth Semester	
304-111 Applied Interior Design	3
304-118 Advanced Commercial Design or 304-119 Residential Design	3
304-120 Interior Design Co-op II	3
809-195 Economics	3+
809-196 Introduction to Sociology	3+
Elective	3
Total semester credits	18
+ Proficiency exam available	
<i>A grade point of 2.0 (C) or better is required in all core courses to complete the program. Curriculum is current as of catalog printing. The most current curriculum requirements for graduation will be provided upon admission to program, or review at www.wctc.edu.</i>	

Interior Design Required Courses

304-100 Principles of Interior Design	3	Study and apply elements of interior design to interior environments while focusing on color theory. Use the fundamentals of design in hands-on lab experiences, and develop color boards for portfolio use.	development, documentation, presentation, and project management. Prerequisites: 304-116 AutoCAD for Interior Designers and 304-122 Illustration and 304-125 Interior Finishes	clarity, accuracy, and directness. Prerequisites: COMPASS-Writing Skills or ACT-English or ASSET-Writing Skills or Accuplacer Sentence Skills or TABE Advanced Language or 831-103 Intro to College Writing or 851-771 Writing-Program Readiness
304-101 History of Furniture	3	Trace the historical development of furniture styles from ancient Egypt through the 20th century, and study the furnishings, architecture, art, and accessories of the major periods.	304-116 AutoCAD for Interior Designers	801-196 Oral/Interpersonal Comm
304-102 Interior Design Drafting	3	Become familiar with drafting materials and equipment, and study drawing to scale, drawing floor plans and elevations, reading blueprints, and understanding architectural symbols. Focus on space planning for residential interiors, and develop projects for portfolio use. Prerequisites: 304-121 Space Planning (or concurrent)	Gain an introduction to the basic command structures necessary to manipulate AutoCAD and CapStudio software programs to produce drawings in related interior design courses. Prerequisites: 304-102 Interior Design Drafting and 304-100 Principles of Interior Design and 304-121 Space Planning	Practice the necessary skills for effective speech delivery, listening, assertiveness, conflict resolution, teamwork, and general interpersonal communication.
304-103 Appl Textiles Interior Design	3	Explore the use of textiles for interiors, including upholstery, draperies, wall covering, and carpeting. Examine the properties of fibers, yarns, fabric construction, and finishes, and become familiar with various printing techniques. Study the applications of textiles as they relate to selection, care, use, and textile legislation. Prerequisites: 304-100 Principles of Interior Design and 304-102 Interior Design Drafting	304-117 Kitchen and Bath Planning	804-123 Math w Business Apps
304-104 Visual Merchandising Lighting	3	Examine the use of lighting in the residential and commercial design business. Prerequisites: 304-100 Principles of Interior Design and 304-102 Interior Design Drafting	Explore current industry standards, products, and ADA requirements related to both new construction and the remodeling of kitchens and bathrooms. Complete projects related to the design of these rooms for inclusion in a portfolio. Prerequisites: 304-116 AutoCAD for Interior Designers and 304-122 Illustration and 304-125 Interior Finishes	Develop an understanding of real numbers, basic operations, linear equations, proportions with one variable, percents, simple interest, compound interest, annuity, apply math concepts to the purchasing/buying process, apply math concepts to the selling process, and basic statistics with business/consumer applications.
304-105 Sales and Quality Buying	2	Study basic retailing principles, including selling principles and techniques, prospecting, presentation, and account servicing. Examine quality construction of upholstered, wood, plastic, and metal furniture, and major furniture manufacturers and their products. Prerequisites: 304-100 Principles of Interior Design and 304-101 History of Furniture	304-118 Advanced Commercial Design	809-172 Race Ethnic & Diversity
304-106 Interior Design Field Study	2	Go on a variety of field trips to local businesses in the interior design industry in exploration of abilities and interests. Prepare for a third semester co-op experience by beginning a career portfolio and building resume-writing and interview skills. Discuss the specific duties and responsibilities required of those in interior design occupations. Prerequisites: 304-100 Principles of Interior Design and 304-102 Interior Design Drafting	Examine the elements of commercial interiors, including programming, space planning, furniture selection, and architectural finish selection. Execute coded furniture and finish plans, elevations and perspectives for oral presentations for projects related to commercial interiors such as hotels, restaurants, and health care facilities. Prerequisites: 304-112 Intro to Commercial Design and 304-110 Interior Design Co-Op I	Race, Ethnic, and Diversity is a course that draws from several disciplines to reaffirm the basic American values of justice and equality by teaching a basic vocabulary, a history of immigration and conquest, principles of transcultural communication, legal liability and the value of aesthetic production to increase the probability of respectful encounters among people. In addition to an analysis of majority/minority relations in a multicultural context, the topics of ageism, sexism, gender differences, sexual orientation, the disabled and the American Disability Act (ADA) are explored. Ethnic relations are studied in global and comparative perspectives. Prerequisites: COMPASS-Reading Skills or 858-775 Reading - Program Readiness or 838-105 Intro Reading & Study Skills or TABE Advanced Reading or Accuplacer Reading Comprehensi or College Proficiency - Reading or Grandfathered Rdg Requirement or ACT-Reading
304-110 Interior Design Co-Op I	3	Work in the interior design field while under the supervision of a WCTC instructor. Discuss the skills, knowledge, and issues encountered in the workplace during weekly seminars. Prerequisites: 304-106 Interior Design Field Study and 304-117 Kitchen and Bath Planning (or concurrent) and 304-116 AutoCAD for Interior Designers and 304-105 Sales and Quality Buying (or concurrent) and 304-112 Intro to Commercial Design (or concurrent)	304-119 Residential Design	809-195 Economics
304-111 Applied Interior Design	3	Apply previously learned skills to residential and commercial design problems. Develop a design concept, apply design principles, and present a project. Enhance portfolio through class projects. Prerequisites: 304-110 Interior Design Co-Op I	Explore the architectural exteriors and interiors of American homes and their influences. In addition to period applications, appropriate textile, wall, window, and floor coverings for today's needs are addressed. Interactive exercises promote residential skills and project enhancement. Prerequisites: 304-116 AutoCAD for Interior Designers or 614-115 CAD-INT DESIGN and 304-110 Interior Design Co-Op I and 304-117 Kitchen and Bath Planning	Discuss the major institutions and principles that underlie the contemporary American economic system, and consider topics such as the free enterprise system, supply and demand, circular flow, government involvement, the Federal Reserve System, economic growth and development, the effects of international trade, comparative economic systems, and global economics. Prerequisites: COMPASS-Reading Skills or 858-775 Reading - Program Readiness or 838-105 Intro Reading & Study Skills or TABE Advanced Reading or Accuplacer Reading Comprehensi or College Proficiency - Reading or Grandfathered Rdg Requirement or ACT-Reading
304-112 Intro to Commercial Design	3	Explore the commercial applications of interior design, commercial manufacturers and architectural finishes. Examine the stages of planning commercial interiors, including data gathering, design	304-120 Interior Design Co-Op II	809-196 Introduction to Sociology
			Gain on-the-job experience in an interior design setting. Take advantage of weekly seminars to share and process educational experiences and insights. Prerequisites: 304-110 Interior Design Co-Op I	Learn the basic concepts of sociology: culture, socialization, social stratification, multiculturalism, and the five institutions, including family, government, economics, religion, and education. Other topics include demography, deviance, technology, environment, social issues, social change, social organization, and workplace issues.
