Human Services Associate

66-credit Associate of Applied Science Degree

For more information: www.wctc.edu/human-services

Those in the human services field devote their career to helping others. They provide resources, counsel and assistance to individuals in an effort to improve quality of life. In the Human Services Associate program, develop and practice direct client care, treatment, rehabilitation, education and behavioral direction. Learn behavioral and rehabilitation techniques, individual and group counseling methods, ethics, pharmacology and family systems. Specialize in developmental disabilities, youth counseling or addiction (AODA).

• Prepare for jobs such as adult day care worker, addictions counselor, case worker, residential manager or youth care counselor.

• More than 30 area practicum sites provide opportunities to apply classroom concepts and gain hands-on experience; a practicum is required in the third and fourth semesters of the program.

• A program-to-program transfer opportunity is available at Ottawa University.* For a complete list of transfer credits, visit www.wctc.edu/transfer.

*Credit transfer must be approved by the institution to which the credits are transferring.

This program is also available in Blended Options.
Accelerated • One night per week • Prior learning credit
