■ EDUCATION AND HUMAN SERVICES

Child Care Administrator Credential (Wisconsin) | 18 credits

Take an in-depth look at effective leadership in early childhood settings. Explore topics including organizational management, administration, policy, marketing, financing, child development and advocacy in the early childhood field. This credential meets licensing and Registry requirements for administering a child care center.

Developmental Disabilities | 12 credits

Develop skills to work with individuals with developmental disabilities and prepare for entry-level work in residential counseling, group home management, shelter workshop assisting and other direct care roles. Learn counseling and behavior modification techniques, and explore disability types, related health issues and available services.

Inclusion | 15 credits

Explore methods to better support and work with students with disabilities in K-12 school settings. Develop skills to work with school and Individualized Education Plan (IEP) teams to provide meaningful, student-centered accommodations. Learn to implement a wide variety of learning approaches for students with emotional and behavioral differences.

Infant Toddler Credential | 12 credits

Learn to provide quality care for infants and toddlers, from birth to age 2 ½. Learn how to plan and implement programs that promote language, cognitive, physical, social and emotional development. Develop specific methods to strengthen child-family connections and explore health- and safety-related quality issues within child care settings. WI Registry recognized.

Instructional Strategies | 12 credits

Learn the skills needed to work as an instructional assistant, supporting children with diverse educational needs in math, science, reading and language arts. Explore best practices related to common core and other educational standards.

Nail Technician | 9 credits

Learn to create beautiful, customized, well-groomed nails for your clients by studying current nail technology and nail design trends. Get hands-on experience in our Style & Class Salon, and prepare for the Wisconsin Manicurist License examination.

Preschool Credential | 18 credits

Explore the foundations of early childhood education, including health, safety, nutrition, child development, art, music, language arts and early childhood behaviors. This specialized program is designed for teachers and directors working with preschool-aged children. WI Registry recognized.

Youth Care Counselor | 12 credits

Discover strategies for working with adolescents who are experiencing emotional or behavioral challenges. Explore topics including counseling, behavior management and treatment intervention. This program is ideal if you're interested in or already working in a residential care, psychiatric hospital, community justice or addiction program setting.
