# I. Introduction

The Drug Free Schools and Communities Act (DFSCA) and Part 86 of the Department of Education's General Administrative Regulations (Edgar Part 86) requires institutions of higher education to adopt and implement drug and alcohol abuse prevention programs (DAAPP) for students and employees. Waukesha County Technical College (WCTC) has developed and implemented drug and alcohol abuse education and prevention programming designed to prevent the unlawful possession, use, and distribution of drugs and alcohol on campus and at campus events. WCTC is required to distribute written information about its DAAPP, as well as conduct a biennial review to measure its effectiveness and ensure a consistent enforcement of its disciplinary sanctions.

As a part of its activities, WCTC distributes and has available written materials that include the following:

- Standards of conduct that clearly prohibit the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees;
- A description of the legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol;
- A description of the health risks associated with the use of illicit drugs and alcohol abuse;
- A description of any drug or alcohol counseling, treatment, or rehabilitation or reentry programs that are available to employees or students;
- A clear statement that the institution will impose sanctions on students and employees and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct or law;
- Have information on education and prevention programs;
- Include a clear statement that the school will annually distribute its DAAPP to all students and employees and a description of the methods or processes utilized to disseminate the DAAPP;
- Include a statement that the school will conduct a biennial review of its DAAPP to determine its effectiveness and implement changes to the program if they are needed, and to make sure any disciplinary sanctions are consistently enforced. In addition, the biennial review must also include a determination as to the number of drug and alcohol related violations and fatalities occurring on the campus or as a part of their activities that are reported to campus officials, and the number and types of sanctions imposed on students or employees as a result of such violations or fatalities.
- A statement that a student or employee who violates the DAAPP is subject both to the institution's sanctions and to criminal sanctions provided by federal, state, and local law.

The process of conducting a biennial review provides WCTC with an opportunity to examine the reach and impact of our alcohol and drug prevention efforts. Through this review, we will acknowledge our achievements and most importantly, we will identify areas that need improvement. The spirit of improvement is our primary goal, as we are aware of the serious negative impacts alcohol and other drug abuse has on our campus community.

Specifically, WCTC undertakes a biennial review to internally evaluate its alcohol and drug abuse prevention programming in the following areas:

- Inventory of WCTC's DAAPP components using D. Stafford & Associates DAAPP Checklist
  - Identify where each component has been addressed in the DAAPP
  - Identify where each component begins and ends in the DAAPP
  - On the DAAPP checklist, record the page number in the DAAPP where the component can be found or write missing
- Discuss which component(s) of the DAAPP, if any, were missing
  - With which individual(s) or office(s) will the review team engage to remedy any deficiencies
  - What are the next steps?

- Statement of AOD (Alcohol and other Drugs) program goals and goal achievement
- Summary of WCTC’s DAAPP strengths and weaknesses
- Procedures for distribution of annual notification of WCTC’s DAAPP to students and employees
- Recommendations for revising WCTC’s DAAPP
  - List and description of education and prevention programs
  - Student Life Office AOD disciplinary data

## II. Distribution and Notification

WCTC’s Biennial Review is distributed to all employees and enrolled students annually through a variety of distribution methods, including: 1) to employees at initial hire; 2) to all employees via college email or in person to remaining employees who do not have email access; and 3) to currently enrolled students annually via official student e-mail notification. Care is taken in the distribution to ensure that access to this information is afforded to all employees and staff. The Biennial Review is also available for review online at WCTC’s website. Hard copies of the DAAP and Biennial Review may be obtained at the Student Development Office in room C121 or by calling 262.691.5302. For employees a copy of the Biennial Review will be located on the portal. A hard copy can be obtained by calling the Office of Diversity, Equity, Inclusion and Compliance at 262-695-3481.

## III. Data and Trends

WCTC is a drug and alcohol free campus. The College seeks to abide by all drug and alcohol related policies, regulations and laws, and to impose consistent disciplinary sanctions against those students and/or employees who violate said policies and laws consistent with local, State or Federal law. In reviewing each offense listed below, there were no irregularities or inconsistencies found in the disciplinary action taken. WCTC will continue to strive for each individual offense to be handled fairly, consistently and in accordance with policies and regulations. Should a student feel that disciplinary action taken or not taken was unfair or inconsistent with any drug or alcohol use or abuse policy, they should contact the Student Development Office. Should an employee feel that disciplinary action taken or not taken was unfair or inconsistent with any drug or alcohol use or abuse policy, they should contact the Human Resources Office. All such concerns will be taken seriously.

### Students

The data below represents the number of drug and/or alcohol offenses committed by students in the previous two academic years.

	AY 2018- 2019	AY 2019- 2020
1. On-campus alcohol-related incidents reported to the Student Development Office	0	1
2. On-Campus drug-related incidents reported to the Student Development Office	0	0
3. Alcohol-related student conduct violations managed by Student Development Office	0	1
4. Drug-related student conduct violations managed by the Student Development Office	0	0

1. On-campus alcohol related reports
  - Case was adjudicated
  - Student was alleged of violating a code-level alcohol violation
  - Incident occurred on campus
2. On-campus drug related reports
  - There were no drug related violations reported
3. Alcohol-related student conduct violations
  - Case was adjudicated
  - Student was found responsible for a code-level alcohol violation and given College Warning
4. Drug-related student conduct violations
  - There were no drug related violations reported

### Employees

The data below represents the number of drug and/or alcohol offenses committed by employees in the previous two academic years.

	AY 2018- 2019	AY 2019- 2020
1. On-campus alcohol-related incidents reported to the Human Resources Office	0	0
2. On-Campus drug-related incidents reported to the Human Resources Office	0	0
3. Alcohol-related employee conduct violations managed by the Human Resources Office	0	0
4. Drug-related employee conduct violations managed by the Human Resources Office	0	0

1. On-campus alcohol related reports
  - There were no drug related violations reported
2. On-campus drug related reports
  - There were no drug related violations reported
3. Alcohol-related student conduct violations
  - There were no drug related violations reported
4. Drug-related student conduct violations
  - There were no drug related violations reported

## IV. College Policy

Students and employees are responsible for modeling behavior that represents the core values of WCTC, and are expected to conduct themselves as responsible members of the WCTC community. (See the College’s student code of conduct and the “Prohibited Conduct” policy 6.04 in the employee handbook.) Any student or student organization found to have committed or have attempted to commit any of the following misconduct is subject to the student conduct process. As found in the WCTC student Code of Conduct, under section 4, Rules and Regulations-Responsibility.

1. **Alcohol.** Use, possession, or distribution of alcoholic beverages or paraphernalia except as expressly permitted by law and the WCTC's Drug/Alcohol Policy;
2. **Drugs.** Use, possession or distribution of illegal drugs and other controlled substances or drug paraphernalia except as expressly permitted by law and the WCTC's Drug/Alcohol Policy;
3. **Violations of Law.** Any conduct or action that violates any local, state or federal laws, when substantiated through Waukesha County Technical College's conduct investigative process.

## V. Programs & Interventions

The following includes programming and interventions to support alcohol and drug prevention for students on campus.

1. Students seeking assistance in dealing with alcohol or other substance use/abuse are encouraged to use resources available to them, such as seeking the assistance from WCTC's counseling services or referral to an appropriate rehabilitation program where possible.
2. WCTC provides students with substance-free social options. These activities are supported by Student Government Association and the Student Development Office and include a variety of engaging events such as Welcome Week, Fall Fest, Bingo, Spa Day, Movie Marathons, Smoothie Days, "Donut" Stress, Thanksgiving Lunch, SGA Speaker Series, Conversations with a Cop, WCTC Health Fair, Leadership, Education and Development (LEAD) Series and much more.
3. Campus-wide displays promoting the dangers of alcohol and drugs, as well as healthy alternatives.
4. Annual Health Fair is coordinated to provide students with the opportunity to learn more about on-campus and community resources to support their overall wellbeing. Topics shared during the event include healthy eating, exercise, chronic conditions, mindfulness, and mental health.
5. Students are required to attend a mandatory New Student Orientation before starting classes at WCTC. The Student Development Office offers general overview of alcohol, drugs and their consequences.

The following includes programming and interventions to support alcohol and drug prevention for employees on campus.

1. WCTC has contracted with Empathia, Inc. to provide an Employee Assistance and Work/Life Program called LifeMatters®. This free, confidential service is available to employees and employee's immediate family members. For access, employees may use the following link: [www.mylifematters.com](http://www.mylifematters.com)
  - Employee immediate family members may also call 1.800.634.6433, 24 hours a day, every day of the year to receive LifeMatters services. Professional counselors are available at all times to provide assistance to you and your eligible dependents for a wide range of issues, including: family concerns, emotional or stress issues, legal and financial questions, alcohol or drug abuse questions or problems, family and dependent care needs, or other personal problems.
2. Online communication from the WCTC Wellness Team promoting health challenges, stress relieving strategies and resources.
3. Annual Health Assessment is coordinated to provide employees with the opportunity to learn more about on-campus and community resources to support their overall wellbeing. Topics shared during the event include healthy eating, exercise, chronic conditions, mindfulness, and mental health.
4. Employees seeking assistance in dealing with alcohol or other substance use/abuse are encouraged to use resources available to them, such as seeking the assistance the Employee Assistance program, or referral to an appropriate rehabilitation program where possible.

## VI. Strengths and Weaknesses

### Strengths

1. Students and employees are offered countless amounts of opportunities to participate and get involved in substance free events, health challenges and educational workshops throughout the year.
2. WCTC has begun to collect data from students and employees on their AOD usage. The JED Foundation Healthy Minds Survey was sent to students during the spring 2020 semester (results following conclusion).

### Weaknesses

1. An inherent weakness of WCTC's Drug and Alcohol Abuse Prevention Program is the fact that the program is still in its infancy. It will take time to continue to evaluate the program and to implement necessary changes as the College identifies additional weaknesses over time.
2. WCTC does not have residence halls or athletics and it is considered a commuter college; it could be possible for the College to assume there is not a drug or alcohol problem with students and Employees. The College will continue to monitor its prevention program to evaluate its effectiveness, by conducting surveys and promoting specifically designed AOD education.

## VII. Goals and Recommendations for the Next Biennium

1. Work with the Compliance & Safety Work Group to document and track goals for upcoming DAAPP and Biennial Reviews.
2. Develop more interactive student and employee programming specifically involving drug and alcohol themes to build awareness. Awareness includes promoting healthy choices and understanding the difference between high-risk drinking and responsible use of alcohol.
3. Modify and enhance drug and alcohol information on the WCTC website, so students and employees will know on-or-off campus resources for dealing with alcohol or drug issues.
4. Launch a comprehensive AOD campus-wide marketing campaign.
5. Analyze and use data from JED Survey, as well as employee surveys to better serve the WCTC campus community.

## VIII. Conclusion

WCTC is committed to the process of continuous improvement. We look forward to the opportunity to focus on our goals and recommendations for the next biennium. These goals will form the basis for continued campus efforts and additional strategic planning.

# IX. JED Student Survey Results

Results from JED survey were collected during the Spring 2020 semester.

## Q2.2 - How old are you? (You must be 18 years or older to complete this survey.)

#	Field	Minimum	Maximum	Mean	Std Deviation	Variance	Count
1	years old	18.00	72.00	27.42	10.14	102.83	818

## Q2.3 What was your sex at birth?

#	Field	Minimum	Maximum	Mean	Std Deviation	Variance	Count
1	What was your sex at birth?	1.00	3.00	1.32	0.47	0.22	818

#	Answer	%	Count
1	Female	68.34%	559
2	Male	31.54%	258
3	Intersex	0.12%	1
	Total	100%	818

Q3.19 - Over the past 2 weeks, did you drink any alcohol?

#	Field	Minimum	Maximum	Mean	Std Deviation	Variance	Count
1	Over the past 2 weeks, did you drink any alcohol?	0.00	1.00	0.53	0.50	0.25	723

#	Answer	%	Count
0	No	47.44%	343
1	Yes	52.56%	380
	Total	100%	723

**Q3.20 - Over the past 2 weeks, about how many times did you have 4 or more alcoholic drinks in a row?(1 drink is a can of beer, a glass of wine, a wine cooler, a shot of liquor, or a mixed drink.)**

#	Field	Minimum	Maximum	Mean	Std Deviation	Variance	Count
1	Over the past 2 weeks, about how many times did you have 4 or more alcoholic drinks in a row?(1 drink is a can of beer, a glass of wine, a wine cooler, a shot of liquor, or a mixed drink.)	1.00	6.00	2.23	1.31	1.71	257

#	Answer	%	Count
1	0 times	40.86%	105
2	1 time	22.18%	57
3	2 times	17.12%	44
4	3 to 5 times	14.79%	38

5	6 to 9 times	3.11%	8
6	10 or more times	1.95%	5
7	Don't know	0.00%	0
	Total	100%	257

**Q3.21 - Over the past 2 weeks, about how many times did you have 5 or more alcoholic drinks in a row?(1 drink is a can of beer, a glass of wine, a wine cooler, a shot of liquor, or a mixed drink.)**

#	Field	Minimum	Maximum	Mean	Std Deviation	Variance	Count
1	Over the past 2 weeks, about how many times did you have 5 or more alcoholic drinks in a row?(1 drink is a can of beer, a glass of wine, a wine cooler, a shot of liquor, or a mixed drink.)	1.00	6.00	2.25	1.49	2.22	114

#	Answer	%	Count
1	0 times	47.37%	54
2	1 time	14.91%	17
3	2 times	16.67%	19
4	3 to 5 times	12.28%	14

5	6 to 9 times	3.51%	4
6	10 or more times	5.26%	6
7	Don't know	0.00%	0
	Total	100%	114

Q3.22 - Over the past 2 weeks, about how many times did you have 4 or 5 or more alcoholic drinks in a row?(1 drink is a can of beer, a glass of wine, a wine cooler, a shot of liquor, or a mixed drink.)

#	Field	Minimum	Maximum	Mean	Std Deviation	Variance	Count
1	Over the past 2 weeks, about how many times did you have 4 or 5 or more alcoholic drinks in a row?(1 drink is a can of beer, a glass of wine, a wine cooler, a shot of liquor, or a mixed drink.)	1.00	5.00	3.00	1.48	2.20	10

#	Answer	%	Count
1	0 times	20.00%	2
2	1 time	30.00%	3
3	2 times	0.00%	0

4	3 to 5 times	30.00%	3
5	6 to 9 times	20.00%	2
6	10 or more times	0.00%	0
7	Don't know	0.00%	0
	Total	100%	10

### Q3.23 - Over the past 30 days, about how many cigarettes did you smoke per day?

#	Field	Minimum	Maximum	Mean	Std Deviation	Variance	Count
1	Over the past 30 days, about how many cigarettes did you smoke per day?	1.00	5.00	1.32	0.91	0.82	722

#	Answer	%	Count
1	0 cigarettes	86.70%	626
2	Less than 1 cigarette	3.88%	28
3	1 to 5 cigarettes	3.32%	24
4	About one-half pack	3.19%	23
5	1 or more packs	2.91%	21
	Total	100%	722

Q3.24 - Over the past 30 days, have you used an electronic cigarette or vape pen?

#	Field	Minimum	Maximum	Mean	Std Deviation	Variance	Count
1	Over the past 30 days, have you used an electronic cigarette or vape pen?	1.00	2.00	1.83	0.38	0.14	718

#	Answer	%	Count
1	Yes	17.27%	124
2	No	82.73%	594
	Total	100%	718

**Q3.25 - What did you think was in the mist you inhaled the last time you used a vaping device?**

#	Field	Minimum	Maximum	Mean	Std Deviation	Variance	Count
1	What did you think was in the mist you inhaled the last time you used a vaping device?	1.00	4.00	2.06	0.48	0.23	122

#	Answer	%	Count
1	Any vaping	6.56%	8
2	Vaping nicotine	83.61%	102
3	Vaping marijuana	7.38%	9
4	Vaping "just flavoring"	2.46%	3
	Total	100%	122

#	Answer	%	Count
1	Marijuana	12.92%	96
2	Cocaine (any form, including crack, powder, or freebase)	0.40%	3
3	Heroin	0.13%	1
4	Methamphetamines (also known as speed, crystal meth, Tina, T, or ice)	0.00%	0

5	Other stimulants (such as Ritalin, Adderall) without a prescription or more than prescribed	0.81%	6
6	MDMA (also known as Ecstasy or Molly)	0.27%	2
7	Other drugs without a prescription (please specify)	0.81%	6
8	No, none of these	81.02%	602
9	Opioid pain relievers (such as Vicodin, OxyContin, Percocet, Demerol, Dilaudid, codeine, hydrocodone, methadone, morphine) without a prescription or more than prescribed	0.67%	5
10	Benzodiazepines (such as Valium, Ativan, Klonopin, Xanax, or Rohypnal/Roofies) without a prescription or more than prescribed	0.81%	6
11	Ketamine (also known as K, Special K)	0.27%	2
12	LSD (also known as acid)	0.94%	7
13	Psilocybin (also known as magic mushrooms, boomers, shrooms)	0.67%	5
14	Kratom	0.27%	2
15	Athletic performance enhancers (anything that violates policies set by your school or any athletic governing body)	0.00%	0
	Total	100%	743

**Q3.34 - Over the past 30 days, how often have you used marijuana (either smoking, vaping, edibles or otherwise)?**

#	Field	Minimum	Maximum	Mean	Std Deviation	Variance	Count
1	Over the past 30 days, how often have you used marijuana (either smoking, vaping, edibles or otherwise)?	1.00	5.00	3.17	1.60	2.56	95

#	Answer	%	Count
1	Every day	25.26%	24
2	Nearly every day	12.63%	12
3	3-4 days per week	14.74%	14
4	1-2 days per week	14.74%	14
5	Less than once per week	32.63%	31
	Total	100%	95
