

Partnership Programs with Other Colleges

Waukesha County Technical College has partnership agreements with other Wisconsin Technical College System colleges to offer selected programs. Through the partnership agreements, the “host” college offers the program but saves slots for students from WCTC and other cooperating colleges.

A student participating in a partnership program will have their financial aid award prepared by the host school. If you are participating in a partnership program, please review the table below to ensure that your Free Application for Federal Student Aid (FAFSA) contains the proper school code.

Program	Host School	Participating Schools	Advisor
Dental Hygienist 10-508-1	WCTC	Blackhawk Technical College Lakeshore Technical College Moraine Park Technical College	Lauri Fialkowski 262.691.5201
