

# Automotive Maintenance and Light Repair

## 21-credit Technical Diploma

[www.wctc.edu/auto-main-light-repair](http://www.wctc.edu/auto-main-light-repair)

If you like fixing cars and trucks, a career in the automotive field may be right for you. Those tasked with maintaining and repairing vehicles are mechanical problem solvers who enjoy working with their hands.

### About This Program

Automotive technicians use computerized equipment and traditional tools to complete basic repairs, handle routine maintenance and conduct diagnostic tests on cars and light trucks. In this program, gain skills to work on a variety of systems such as engine, drive train, brakes, electrical, steering and suspension. Training includes classroom and lab instruction.

#### Career Salaries

\$25,200 – \$39,200 annually

Salary range estimates based on wages for related occupations in Waukesha County as reported by Economic Modeling Specialists International (EMSI). Individual wages may vary based on experience, industry, location and specific job requirements.

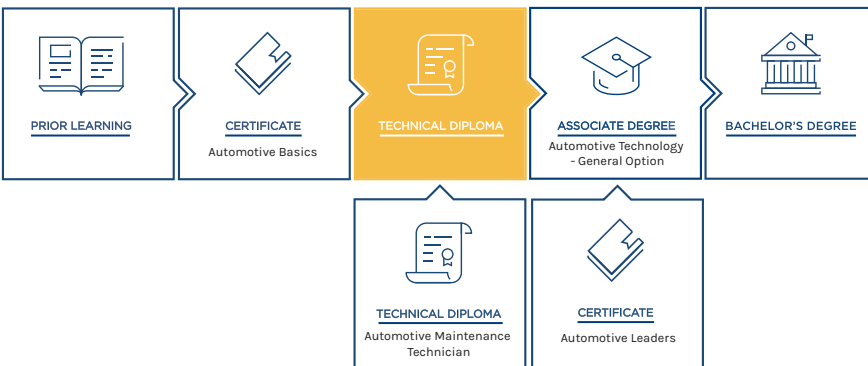

#### Potential Careers

Express Oil Change Technician  
Brake and Alignment Technician  
Tire Installer

### What Makes This Program Unique

- Earn Automotive Service Excellence (ASE) student certifications in Brakes; Steering and Suspension; and Automotive HVAC.
- Advance your career by applying credits earned in this technical diploma to the Automotive Technology associate degree.
- Students can earn the EPA 609 Refrigerant Recycling certification.
