

Automotive Technology - GM ASEP Option

60-credit Associate of Applied Science Degree

www.wctc.edu/auto-gm

If you like working on cars, have a knack for troubleshooting and problem solving issues with automobiles, possess a strong work ethic and enjoy working with customers, a job in the automotive technology industry might be for you.

About This Program

This program addresses the growing need for highly professional, competent technicians in automotive dealerships. Learn on the latest automotive vehicles, components, educational materials and cutting-edge equipment available. Develop knowledge on engines, fuel management, electronics, transmissions/transaxles, brakes and air conditioning.

This specialized program emphasizes repairing, servicing and maintaining vehicles within the General Motors (GM) brand.

Career Salaries

\$30,600 – \$54,600 annually

Salary range estimates based on wages for related occupations in Waukesha County as reported by Economic Modeling Specialists International (EMSI). Individual wages may vary based on experience, industry, location and specific job requirements.

Potential Careers

Automotive Technician
Service Technician
Mechanic

What Makes This Program Unique

- WCTC supplies all tools for this program. Students work on current model vehicles and components donated by GM.
- The required, paid internship opportunities provide technical, hands-on experience at GM dealerships/ACDelco Professional Service Center (PDC).
- Become Automotive Service Excellence (ASE) student certified and earn the EPA 609 Refrigerant Recycling certification.
