

# Construction Management Technology

**60-credit Associate of Applied Science Degree**  
[wctc.edu/construction-mgmt](http://wctc.edu/construction-mgmt)

If you are organized and goal-oriented, a career in construction management may be right for you. Strong construction managers are effective communicators with a thorough understanding of the construction industry from both a technical and business perspective.

## About This Program

Gain the knowledge and skills needed to be a leader in residential, commercial or industrial construction. Hone your technical and engineering skills while exploring the business and management aspects of the industry. Learn how to manage contractors and construction workers to meet project deadlines and overcome potential obstacles.

### Career Salaries

\$71,900 - \$100,000+ annually

Salary range estimates based on wages for related occupations in Waukesha County as reported by Economic Modeling Specialists International (EMSI). Individual wages may vary based on experience, industry, location and specific job requirements.

### Potential Careers

Project Manager  
Assistant Project Manager  
Assistant Construction Manager  
Assistant Project Coordinator

## What Makes This Program Unique

- Gain exposure to topics including architecture, building construction, business management and construction project management.
- Earn your OSHA 10-hour certification as part of this program.
- Gain assistance securing a hands-on internship in the construction management industry.

PROGRAM CODE 50-429-9
