

# Health Care Services Management

**63-credit Associate of Applied Science Degree**

[www.wctc.edu/health-mgmt](http://www.wctc.edu/health-mgmt)

*If you are interested in working in the healthcare field, but don't necessarily want to work in a direct patient care role, a career as a health services manager might be right for you. Those in this field are detail-oriented problem solvers who have a strong ability to prioritize and keep processes moving forward.*

## About This Program

Develop your skills in leadership, management of support staff, and ensuring efficient healthcare organizational workflows according to prescribed quality standards. Healthcare services managers are expected to have strong written and oral communication skills and fulfill designated duties across various healthcare-related organizations. Graduates may be employed in hospitals, clinics, laboratories and care facilities.

## What Makes This Program Unique

- General education courses are taking at WCTC, with the balance of core courses taken at MATC.
- Seats are reserved for WCTC students that reside outside of Milwaukee County that may not otherwise be awarded a seat due to high program demand.
- You can earn the Healthcare Customer Service certificate, and Health Unit Coordinator or Phlebotomy technical diploma on your way to completing this degree.

### Career Salaries

\$74,000 and up annually

*Salary range estimates based on wages for related occupations in Waukesha County as reported by Economic Modeling Specialists International (EMSI). Individual wages may vary based on experience, industry, location and specific job requirements.*

### Potential Careers

- Healthcare-Related Manager
- Lead Worker
- Supervisor
