

Interior Design

64-credit Associate of Applied Science Degree

www.wctc.edu/interior-design

If you enjoy creating living spaces and work environments that reflect individuality and personal style, a career in interior design may be for you. Those in this field are creative with a strong sense of customer service. They have a love of designing, and they possess a keen eye for detail, maximizing the functionality of interior spaces.

About This Program

Interior designers work to create aesthetically pleasing and environmentally friendly spaces. In this program, develop a strong foundation in computer-assisted design, furnishings, lighting, textiles and sales. Learn the fundamentals for success in the field, including designing interiors for residential and commercial spaces.

Career Salaries

\$38,200 - \$75,000 annually

Salary range estimates based on wages for related occupations in Waukesha County as reported by Economic Modeling Specialists International (EMSI). Individual wages may vary based on experience, industry, location and specific job requirements.

Potential Careers

Interior Designer
Residential Designer
Commercial Designer
Design Consultant
Facilities Planner

What Makes This Program Unique

- Earn two degrees in three years by combining Interior Design with Architectural Drafting/Construction Technology. Learn more about this dual degree option.
- WCTC is an NKBA Affiliated School. Affiliated schools join with the Association to promote best practices in education and opportunity for the next generation of kitchen and bath professionals.
- Coursework in the dual degree program provides credit hours towards eligibility for the National Council for Interior Design Qualification (NCIDQ) exam and Wisconsin Registered Interior Designer Licensure.
