

# Organizational Leadership

## 18-credit Technical Diploma

[www.wctc.edu/org-leadership](http://www.wctc.edu/org-leadership)

Supervisors and managers are passionate about moving the company forward. They understand the company's culture and communicate effectively with employees at all levels. If you have a collaborative mindset and are good at delegating tasks, possess a positive attitude and top-notch communication skills, consider exploring team leadership careers.

### About This Program

In today's changing workplace, effective leadership skills are needed to inspire employees and achieve business goals. Develop skills in the foundations of functional management, proactive leadership and systems improvement for entry-level supervisory positions. Learn how to communicate clearly with employees, better manage conflict and develop the confidence of others.

#### Career Salaries

\$25,000 - \$45,400 annually

Salary range estimates based on wages for related occupations in Waukesha County as reported by Economic Modeling Specialists International (EMSI). Individual wages may vary based on experience, industry, location and specific job requirements.

#### Potential Careers

Production Team Leader  
Plant Operations Manager  
Account Manager  
Assistant Branch Manager

### What Makes This Program Unique

- Evening classes accommodate the working adult. An accelerated learning environment blends interactive in-class activities with online learning.
- Develop skills in the foundations of management, proactive leadership, system diagnosis and improvement for people in entry- and mid-level leadership positions.
- Learn how to communicate clearly with employees, effectively manage conflict situations and develop strong working relationships through appropriate coaching and feedback.
