

Supply Chain Professional

25-credit Technical Diploma

www.wctc.edu/supply-chain-prof

If you can handle a fast-paced environment with plenty of moving parts, a career in supply chain management may be for you. Working in this field requires quick problem-solving skills and effective team work that lead to an efficient flow of goods and services.

About This Program

Effective supply chain operations ensure an efficient flow of goods and services. Explore transportation, operations management, purchasing, logistics management, and supplier selection and evaluation. Learn how lean principles can improve wasteful processes to increase productivity, work quality and customer/stakeholder satisfaction. Develop skills in accounting, Excel, problem solving and critical thinking.

Career Salaries

\$36,000 – \$54,400 annually

Salary range estimates based on wages for related occupations in Waukesha County as reported by Economic Modeling Specialists International (EMSI). Individual wages may vary based on experience, industry, location and specific job requirements.
