If you enjoy working with your hands, are mechanically inclined, have strong physical and mental endurance, and can put tools to practical use, a job in the welding field may be for you. Those skilled in welding are also detail-oriented, as much of their work requires a great deal of precision.

About This Program
Welders work in a wide variety of industries – from automobile manufacturing, shipbuilding, aerospace and many others. Their duties include joining metal parts by fusing them together and creating a permanent bond using different welding techniques. Receive high-quality, hands-on classroom instruction that complements on-the-job apprenticeship training critical for success in the industrial trades.

Details on how to start this apprenticeship can be found online at www.wctc.edu/welding-appr.

What Makes This Program Unique
• Learn on state-of-the-art Lincoln welders.
• Gain valuable hands-on experience in addition to a strong theoretical background.
