WCTC's Child Development Center (CDC) is open to children of WCTC students, faculty, staff and the community. Small classroom sizes and high teacher-to-child ratios allow children to experience frequent, individualized learning experiences. This program is accredited by the National Association of Education for Young Children and is rated a 5-star program through the Wisconsin Department of Children and Families. In partnership with Pewaukee Lake Elementary, the CDC offers a DPI-licensed 4K program during the school year. Summer, before- and after-school programming is available for school-aged children up to age eight.

This campus-based center serves as a lab school for WCTC Early Childhood Education associate degree students and for early childhood students at other area colleges. Throughout the academic year, faculty and students use the CDC for research and competency-building opportunities. Students gain hands-on experience interacting with young children and implementing developmentally-appropriate activities and lessons.

WCTC student discounts are available. Full- and part-time enrollment available with sibling discounts provided. Learn more about the CDC's curriculum, enrollment process and more at wctc.edu/child-care.

Compliance and Equity

WCTC prohibits all forms of illegal discrimination, harassment, intimidation and coercion on campus and at College-related activities and functions. Sexual harassment, assault and other forms of sexual misconduct are considered a form of gender-based discrimination. WCTC seeks to create and maintain a campus free from incidences of sexual misconduct through education, programming, training for students and staff, clear policies and consistent sanctions for any violation of these policies.

- Direct Loans - Money borrowed from the federal government that must be repaid after leaving college.
- Work-study - Job opportunities on and off campus to earn available federal money.

Most aid is need-based. Financial aid awards are determined based on estimated costs to attend WCTC and what students and their families can contribute. Students who do not demonstrate financial need may still be eligible for unsubsidized loans, non-work-study employment opportunities and scholarships.

In order to determine eligibility, students must file a Free Application for Federal Student Aid (FAFSA). Apply online at fafsa.gov.

FINANCIAL AID RESPONSIBILITIES

Before making schedule changes for any reason, contact the Financial Aid Office. Dropping or withdrawing from a course can drastically impact your financial aid eligibility. Students who stop attending classes prior to the 60 percent point of the semester do not earn all of their financial aid. The Financial Aid Office is required to calculate how much aid was earned, and a portion must be returned to the federal government. As a result, students may owe money to WCTC and the federal government.

MILITARY EDUCATIONAL BENEFITS

Programs are available to help veterans, reservists and National Guard students. Students may qualify for monthly GI Bill benefits, long-term loans or reimbursement grants. For further information, contact the local County Service Veterans Office or WCTC’s Armed Forces Student Center located in C-016 at 262.691.5431 or email veterans@wctc.edu. For a detailed description of the various benefits along with a step-by-step explanation of how to apply, visit wctc.edu/veterans.

SATISFACTORY ACADEMIC PROGRESS POLICY FOR FINANCIAL AID RECIPIENTS

The U.S. Department of Education requires students to maintain satisfactory academic progress in order to remain eligible for financial aid. These standards are more stringent than WCTC’s Standards for Academic Success. They apply to transfer credits, current coursework and previous academic history - even if financial aid was not received for those credits. WCTC is required to review qualitative progress (Grade Point Average) and quantitative progress (Pace of Completion) after each term, including summer.

Please visit wctc.edu/academic-progress.

COURSE AUDIT

Only credit courses may be audited. If you audit a course, you will receive an "AU" as a final grade on your student record. This does not count toward a degree or diploma, and you do not receive credit for the class. Tuition and fees are assessed, and audited courses may affect financial aid. Audit students may attend class, but are not required to take examinations.

To audit a course, an agreement is made between student and instructor. Students may elect to change from credit to audit if they adhere to the following guidelines:

- A course may be audited, with instructor consent, during the first 50 percent of the semester.
- After the first 50 percent of the course, students may audit if they are passing the course.
- Students must adhere to WCTC's drop and withdrawal policies.
- Audit students who wish to withdraw or drop from a course must contact Registration.
- Students must adhere to all rules and regulations regarding attendance.
- Audit students may not change to credit status at a later date.

REPEATING A COURSE

Two times - Students are allowed to take a class twice, including courses in which they receive a withdrawal (W). All grades appear on the student's transcript, but only the higher grade will be included in the grade point average.

Three or more times - Students are required to receive the Dean's approval by submitting a Seeking Course Enrollment - Third Attempt form.

WITHDRAWAL (W)

After the refund period, you may withdraw from a course up to 75 percent of the course duration. A withdrawal (W) will appear on your academic transcript. The "W" grade is not included in GPA nor counted in credits earned toward graduation. If you withdraw after the refund period, you are fully responsible for tuition and fees.

WITHDRAWAL APPEAL

If an extenuating circumstance occurs after the 75 percent mark of the course that prevents you from successfully meeting your course requirements, you can request a Withdrawal Appeal by filling out the Appeal for Tuition and/or Course Withdraw form online. Conditions of the extenuating circumstance must be presented for the request to be considered. All appeals must be received no later than two weeks after the term end date to which the request applies.
