Indoor Range and Training Facility
Pistol League Notice

Waukesha County Technical College Firing Range and Training Facility is now accepting registration forms for our new Winter Pistol League starting December 10, 2014, and going through March 25, 2015.

Please see the attached rules and registration form for details.
Indoor Range and Training Facility  
Pistol League Rules

**Eligibility:**

All members and non-members of the WAUKESHA COUNTY TECHNICAL COLLEGE FIRING RANGE (hereinafter referred to as WCTCFR) who are 18 years of age, and are legal to possess a handgun.

A background check through the Wisconsin Department of Justice is required for all non-members of WCTCFR. The background check fee is included in the non-member league entry fee.

**Purpose:**

To enhance personal marksmanship skills through friendly and safe competition. The League will be in accordance with NRA Conventional Pistol competition (more commonly known as Bullseye). All fired shots will be taken standing, one handed, and unsupported.

1. League fees for the WCTCFR Pistol League (hereinafter referred to as the “league”) shall be $40 for one gun category for range members and $50 for one gun category for non-range members. Shooters may compete in both .22 and center fire (CF) categories upon payment of $70 for range members and $90 for non-range members. Shooters electing to shoot these categories must ensure that each score card is clearly marked to indicate both MATCH NUMBER and CATEGORY that the card is representing.

League fees are intended to be utilized for expenses incurred in running this program and the operation of the range. It includes, but is not limited to, the cost of targets used for actual league competition, awards, printing fees, and some subsidy of the awards function. **League fees are due 5 business days prior to firing the first match of the season.**

**Course of Fire:**

2. A “match” will consist of one National Match Course (NMC):
   - 10 rounds of **SLOW** fire at 25 YDS (10 shots in ten minutes);
   - 10 rounds of **TIMED** fire at 25 YDS (2 stings of five shots in 20 seconds);
   - 10 rounds of **RAPID** fire at 25 YDS (2 stings of five shots in 10 seconds).

   **Total of 30 rounds fired per match.** One (1) “alibi” is allowed per match.

The course of fire will use the NRA B-16 25 yard Slow Fire target, and the NRA B-8 25 yard Timed and Rapid Fire target.

**Rules:**

3. Any matter not specifically covered by WCTCFR or league rules, shall be governed under current NRA CONVENTIONAL PISTOL RULES. A copy of which will be present on the firing range. All other safety rules are governed by the Range Rules of the WCTCFR. The Range Safety

Officer (RSO) has ultimate say in regards to safety, range conditions, and any other non-league related issues at the time of the matches. All Participants have the capability of calling for a “CEASE FIRE” if conditions dictate.

**Equipment:**

4. Any safe operating .22 caliber or center fire (CF) pistol or revolver meeting NRA competition criteria, may be used. Shooters MAY compete in BOTH .22 and CF categories upon payment of an additional fee of $40 for non-members and $30 for members. Shooters electing to shoot these categories must ensure that each score card is clearly marked to indicate both MATCH NUMBER and CATEGORY that the card is representing.

**Match Day Procedures:**

5. Matches will be fired each week of scheduled league shooting, unless weather conditions, mechanical failure of range equipment or some unusual condition that makes firing a match impractical. The WCTCFR staff will make every attempt possible to notify league members of a league night cancellation as soon as it is known.

6. Relays will be filled on a first-come, first-served basis. The RSO has the responsibility to initiate sign-up and firing point assignment procedures.

7. A competitor’s first fired match on a given day must be “for the record.” A “practice” match may not be fired prior to firing a match for record.

8. Individuals may “shoot ahead” or “make-up” matches as desired as long as 10 matches are completed by the last scheduled week of competition. All “shoot-ahead” score cards must be clearly marked as such, and must indicate which numbered match the score card is for and the date fired.

9. League participants may fire “practice” rounds during league relays, if there are firing lanes available. A FEE OF $3.00 SHALL BE ASSESSED for each practice relay.

**Scoring:**

10. All shooters will score the person to their left whenever possible. If there is only one member shooting on the line, the RSO will score for that shooter. This scoring procedure is subject to change if modification is needed to conserve range time due to a large number of shooters.

11. **Scoring Disputes** - A RSO, or a designee, shall serve as referee whenever the competitor and scorer cannot agree on the scoring of a target. The use of a scoring overlay or plug may be used to settle the matter. A $1.00 fee shall be posted by the competitor, and is refundable, if the

referee’s decision is in favor of the competitor. If the referee’s judgment is against the competitor, the $1.00 fee shall be forwarded to the league treasurer, and be available for pistol league expenses.

12. Completed score cards are to be turned in to a RSO as soon as possible after the relay is completed. Score cards must be turned in the same day they are fired. The score card must be signed by the shooter and the scorer. Score cards not properly completed may be voided. **Score cards shall indicate the pistol category, either .22 or CF.**

13. An individual’s average for season records and classification purposes will consist of the arithmetic average of the scores actually fired. (i.e., if a competitor only fires 8 matches during the league duration, the average will be the total of all scores fired for the season, divided by 8.)

**Classifications and Awards:**

14. Individual competitors will be classified into classes A, B, C, D, E based upon the previous season’s average. Competitors without a previous season’s average in a category will be placed into classifications based upon the average of the first three fired matches during the current league in each category entered (.22 or CF).

For this league the classifications are as follows:

Class:
- A: 250 or greater average
- B: 220 or greater, but less than 250
- C: 160 or greater, but less than 220
- D: 110 or greater, but less than 160
- E: Any average less than 110 points.

**Awards may include, but not limited to:**
- Overall Winner for .22 Caliber and Center Fire (CF) Champion
- High Class average for .22 and CF
- Most improved (when there is a second season/year)
- High single stage for (Slow, Timed, & Rapid) for both .22 and CF, per class
- High Three stage (high NMC score per class, out of 300 points) per class
- Perseverance Award (lowest average score, with all targets fired)
- High LEO active/retired
- High Civilian

**There shall be a hierarchy of the awards, in order to spread the awards evenly. Example: the Overall Winner of .22 or CF will be Champion, and not be their respective class winner.**

Pistol League Rules

15. The league will run for 14 scheduled matches. Individual awards to be determined by the WCTCFR. A league participant must actually shoot at least 80% of the scheduled matches to qualify for any award.

Official Protest:

16. In the unlikely event of a protest, an official protest to the WCTCFR league administrators must be made in writing within 24 hours of the conclusion of the following week’s competition. A committee, appointed by the WCTCFR League administrator, will be given five days to make a final decision. A committee member cannot vote on a protest in which he/she or his/her team is involved. The WCTCFR League administrator will appoint five league members to this “protest committee.”

Miscellaneous:

17. With prior approval by the WCTCFR League administrator, league shooters may fire from supported positions and/or otherwise receive accommodation(s) consistent with their physical needs.

18. For the purpose of gaining interest in, and the participation of, the sport of precision pistol shooting, any non-league members, who are current and in good standing members of the WCTCFR, may be allowed to shoot practice matches at the discretion of the RSO of the relay. Such practice shall not interfere with a league member’s ability to fire on that relay. Such non-league member practice shall only be allowed if they are known to be familiar with the procedures of the NRA bullseye pistol discipline, and range safety rules. A $3.00 TARGET FEE PER RELAY shall be assessed to non-league members who are members of the WCTCFR.
